MOOD: 😬 Intimidated

MUSIC: Radio Citizen feat. Bajka - The Hop

In the immortal words of Lindley Armstrong,
([https://www.livejournal.com/away?
to=http%3A//en.wikipedia.org/wiki/Spike_Jones](https://www.livejournal.com/away?to=http%3A//en.wikipedia.org/wiki/Spike_Jones)), these are my
New Year's resolutions.

- 1) I will come out of my hole. I haven't made an unlocked post in this lj for six months. It's probably time I either abandoned it officially or -- yanno.
- 2) Send that damned v10, or one like it, and repeat.
- 3) Bridge Day. (Sorry, Harpy)
- 4) Keep making weekly cupcakes for my wabbit.
- 5) Once a month, do something nice for Dice or the Greenwoods or Reyes or one of the other Anomaly Survivors.
- 6) Give something away every day, even if it's just the right of way.
- 7) Breathe in. Breathe out. Move on.

This looks like a
good idea.

...

This.

...

Little guy's not
bad.

Gotta teach RHex
to smear.

You're good people, Platypus.

...What?

Oh, crap, I forgot Henry and Susannah and-- :-P

There are too many of them. 8>(

But you did do something for them, you know. And you're still doing it. And it's a thing not many people can do.

I haven't done anything for them that I know of. ("My job" does not count for purposes of this discussion.)

3) Bridge Day. (Sorry, Harpy)

Oh, it's okay. I'll just cover my eyes. *g*

There will also be more real live rocks for us this summer. But that's not a resolution. It's a fait accompli.
